

KEITH'S QUILL

Did you notice how loud the fireworks were last evening? It seems like more people fire more each year. It is really fun to see them going off all around us. The one draw back is that after 11:00 O'clock it makes it harder to sleep! With the Fourth of July over for another year we turn our minds towards the rest of the summer season. Here at the church we will begin to plan for the fall and the new connection classes and the youth groups that we pray will be going. I'm thankful for those who are interested in working with the youth of our church and our community. If you would like to help out please let me know so that we can get you involved. The plan right now for the youth is to have an event every other week. For instance, this week we are going to have a barbecue at Dwight and Susie Johnston's home and then head over to Ken's lake. Events like this will give us a chance to interact with our youth and give them an opportunity to interact with their friends in a wholesome environment. At this time we are still planning on supporting our local Young Life group. We are committing, however, to our church youth and their spiritual development. Youth camps on the Grand Mesa have now concluded. It was a good year for the youth that attended this year. We had ten that I know of that went to camp and those that I have chatted with had a super time and some good spiritual experiences that they will remember for a lifetime. I am so happy that our church supports our children's camping experiences.

I would like to share just a word on my trip to South Dakota. Dayna, my daughter, and I went with a group of my family and a few of their friends to ride the Michelson Trail last week. It was a challenging ride the first day as we went fifty miles and much of it was uphill from Deadwood, SD. The next day was much easier and thank God a lot downhill. The scenery was spectacular. The trail follows an abandoned railroad line set in place in the 1860's. If you ever have a chance go.

May you all have a great rest of the summer! Spend some time making good memories with your families and friends. May I also suggest that those memories will mean even more to you if you put Christ in the center of your activities? Read a good devotional book by the lake. Keep your attendance at worship a priority. Pray without ceasing and be kind to everyone you meet even if you disagree with them. God is at work in us. PK
